GoRoute MAS90™ Edition

sage
software
Your business in mind.

GoRoute! Host
Key Features

- Interfaces transparently with MAS90™, PeachTree™ Accounting, and QuickBooks™

- No need to purchase costly and cumbersome communications software. It's included!

- Augments accounting systems with Field Service specific functionality.

- Numerous standard reports plus ability to create your own reports and inqueries!
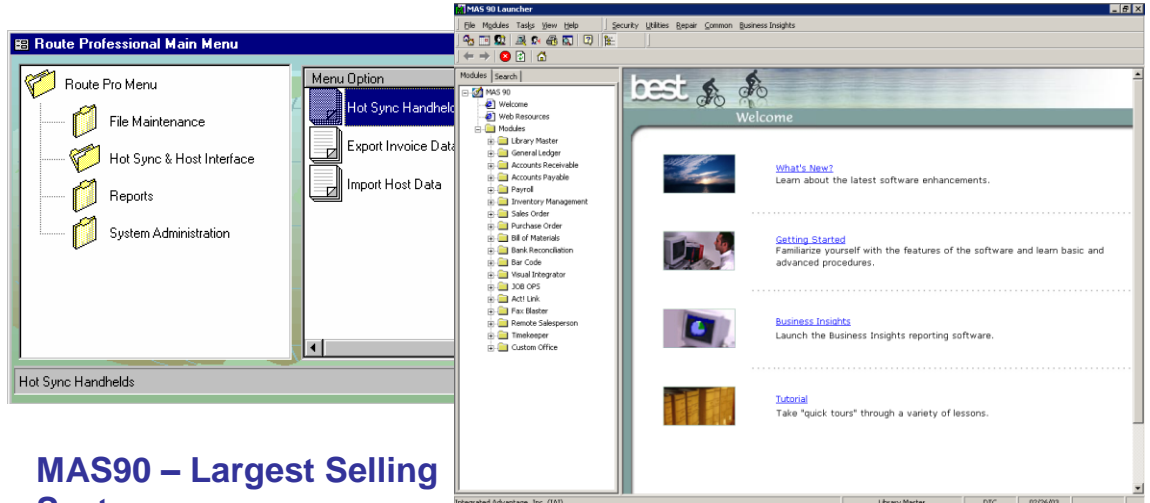

MAS90 – Largest Selling System

The MAS90 accounting system is the world's largest selling software package for mid-sized corporations (10-50 Employees).

With over 30 modules to choose from, the MAS90 system delivers superior functionality and performance at a very competitive price.

Local Support

With over 10,000 resellers worldwide, you're sure to find a knowledgeable support person very close to your place of business. This allows you to take advantage of a powerful standards based accounting system yet meet the industry specific requirements needed to run your business effectively.

Proven Functionality

With thousands of installations, the MAS90 system has proven itself a worthy provider of powerful accounting functionality.

Economies of Scale

MAS90's huge user base allows you to take advantage of powerful functionality that could not be offered by a niche provider. Modules such as online purchasing, EDI, Business Alerts, and many oth-

ers just simply could not be delivered by smaller, more risky providers.

Less Risk

MAS90 will continue to be around to provide the advanced accounting functionality you need. Can you say that about your current accounting system provider?

GoRoute Host and MAS90 Deliv-
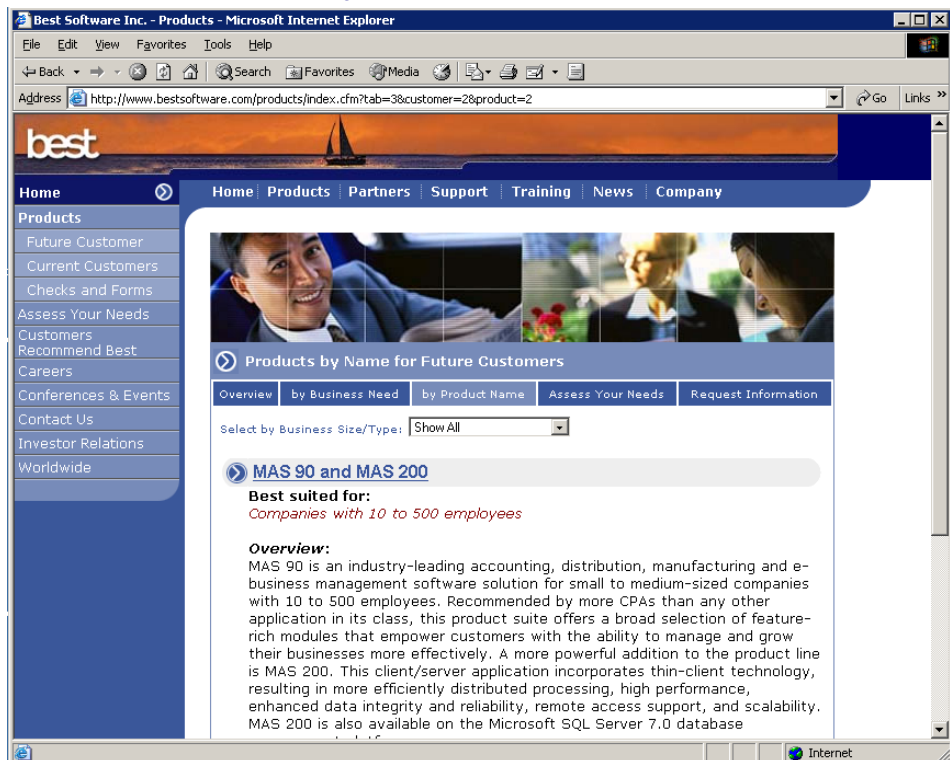

Best Software, makers of MAS90, MAS200, ACT! and a number of other products, bring a stable and growing company to back up your organization, plus a flexible array of products and services that help you succeed.

er the Best of Both Worlds

GoRoute host seamlessly links MAS90, providing the additional functionality required of Field Service companies without "recreating" the core accounting functions that MAS90 does so well. This allows us to deliver more functionality at a lower cost to you.

A Complete Solution

With GoRoute Host's powerful standard features and optional capabilities, you can design a Field Service accounting solution that will let you get it right, both now and in the future.

Detail Functionality

Some of the detailed functionality includes the following:

Accounting System Link
- Load customers, items, prices, tax schedules, sales reps from your accounting system to the host ready for transfer to each handheld.

- Transfer invoices, credit memos, pre-orders and inventory transactions back to your corporate host.

- Generate reports on technician productivity.

- Reprint invoices with electronic signatures stored on each invoice.

- Dispatch work orders in real-time to the appropriate technician

Don't use MAS90?

GoRoute specializes in providing the linkage between the GoRoute Host and your accounting system. If you like what you hear about the GoRoute suite of products, give us a call today and we can discuss your system requirements.
